

16th of June - Room: Auditório Óscar Soares Barata (on the ground floor)		16th of June - Room:5 (on the basement)	
9,00 - 9,30	KEYNOTE SPEAKER: Alan Belward, Institute for Environment and Sustainability <i>Running out of Land, Running out of Water; mapping the essentials from Space</i>		
9,30-10,45	Session 5 - RENEWABLE ENERGIES Chair: Stephen Maier, IPPE, Graz UT, Austria	Session 9 - SUSTAINABLE DESIGN Chair: Alexandra Quintas, CIAUD, FA, ULisbon	
	<i>Production of biogas from food residues – a kinetic study</i> I. Gonçalves / J. Alves / A. C. Rodrigues / P. Fernandes / C. Ramos / R. Coura / M. Russo/ P. Pires, Viana do Castelo Polytechnic Institute	<i>New materials and products from synthetic textile waste: a model for the management of the research team</i> C.P.Sampaio, UL/S.B.Martin, UEL (Brazil)/R.Almendra, UL /F.Moreira da Silva, UL	
	<i>Energy Production from Waste Tires Using Pyrolysis Method</i> N. Güven / A. Namık Güneş / C.Yüceda, Bartin Univ	<i>Sustainability and Biotechnology - Natural or Bio Dyes Resources in Textiles</i> C. Carvalho / G. Santos, FA-Univ of Lisbon	
	<i>Alternative applications of the sub-products from food industry with energy recovery</i> O. Klap / M. Barros / M. Vilarinho / E. Fernandes / P. Pires, Viana do Castelo Polytechnic Institute	<i>The Sustainability of the Intelligent Clothing for Biophysical Monitoring</i> G. Montana, FA-Univ of Lisbon	
	<i>Filtering light through Architectural structures: designing surfaces through solar sensitive membranes</i> A. Morais / A.Quintas, FA-Univ of Lisbon	<i>Clothing recycling as new value into Fashion cycle</i> C. Morais / C.Carvalho, FA-Univ of Lisbon	
10,45 - 11,00	Coffee Break	Coffee Break	
11,00 - 12,30	Session 6 - POLICIES & PRACTICES ON NATURAL RESOURCES MANAGEMENT Chair: Carlos R. Machado, Univ. Atântica, Lisbon	Session 10 - METHODOLOGIES FOR ASSESSING SUSTAINABILITY Chair: Martin Dolinsky, Pan-European University, Bratislava	
	<i>Sustainable development: a challenge around the theme of water</i> M.N.F Leitão / M.M.D Ferreira, Univ Aberta	<i>Adapting the Ecoinvent Database to include Abiotic & Biotic Raw Material Extraction</i> K. Wiesen / M. Wirges, Wuppertal Institute for Climate	
	<i>Blue-green infrastructure to increase urban resilience: case studies from southern Italy basin</i> D. La Rosa / V. Pappalardo / L. Barbarossa / R. Privitera, Univ of Catania	<i>The indicators of sustainability in the Sustainable Communication Design Discipline</i> M. Cadarso, Univ of Lisbon	
	<i>Voids in the cities: obstacles or opportunities? The practice of urban agriculture in Lisbon</i> R. Krylová, Masaryk Univerzity Brno / A. L. Luz, CICS.NOVA / FCSH / UN	<i>Socially responsible investment (SRI) stock screening methodologies: investment tool or hindrance?</i> E. Conway, Univ of Derby	
	<i>The impact of the morphology of the urban fabric on the external comfort: case study city of Tolga, Algeria</i> Pr Alkama Djamel, Univ of Guelma / Matallah Mohamed Elhadi, Univ of Birská	<i>Ecological evaluation of agricultural food production, using the sustainable process Index</i> Kollmann, Univ of Graz	

12,30-14,00	Lunch	Lunch
14,00 - 15,30	Session 7 - PRACTICES FOR A SOCIAL SUSTAINABILITY Chair: Romana Xerez - CAPP/ISCSP/ULisbon	Session 11 - ENERGY TECHS. & POLICIES FOR A SUSTAINABLE DEVELOPMENT Chair: Preciosa Pires - ESTG/Politechnic Inst of Viana do Castelo
	<i>Education for Sustainable Development in Portugal: an Analysys of the Curriculum for Lower Secondary Education</i> F. Alexandre / M. Ferreira / B. Miranda, Univ Aberta	<i>A new Look upon Tectonics and Technology for the renewal of Sustainability for the Future: continuous electrical power versus alternating current</i> A. Morais / A.Quintas,FA-Univ of Lisbon
	<i>Processes towards generating a sustainable university: Example of an applied whole institution approach to support an integrated system transformation</i> C.T. Schmitt / A. Bassen, Univ of Hamburg	<i>Sustainable Design surfaces for an industrial boiler</i> T. Oliveira / E. Aparo / L.Soares, Viana do Castelo Polythecnic
	<i>Governance, territory and democracy: a path to sustainable the communities</i> L. Caetano, FA-Univ of Lisbon	<i>New actor in sustainable development policies: RDAs as a level of analysis, through Renewable Energy Projects</i> B.Gencer Baykan / H.Tek Turan,Yeditepe Univ
	<i>Sustainable development goals: minimalist & maximalist agenda</i> P. Castro Seixas, ISCSP, Univ Lisbon	<i>Discussion on Development of Amazonian Nations and the Use of Participatory Methods</i> D. Hidalgo / LIU Jian, Univ of Tsinghua
15,30-15,45	Coffee Break	Coffee Break
15,45 - 17,30	Session 8 - ARCHITECTURE & SUSTAINABILITY Chair: Margarida Louro, CIAUD, FA, ULisbon	
	<i>A "Living Building" concept and methodology approach: - changing to a Strong Sustainability frame in Architecture</i> L. Rosmaninho, FA-Univ of Lisbon	
	<i>Form Sustainability in Architecture</i> P. M. Abreu, FA-Univ of Lisbon	
	<i>(Un)useful architecture - An entrance for FA</i> M. Louro / F. Oliveira / F. M. da Silva, FA-Univ of Lisbon	
	<i>Recycling as a Key Method of the Sustainable Architectural Design</i> M. Šjaković, School of Architecture of Barcelona / A. Perić, Institute for Spatial and Landscape Development
